

## UTRITION

Uforia(@Uforiascience) has made this incredible cutting-edge product called Utrition. Utrition is customized nutrition for your specific health needs and personal DNA. You no longer must worry about what ingredients you specifically need and how much of them. You need a foundational base of nutrition for the body to work properly so disease and cancer can't live. Utrition is that foundation. After you order the product online, you will receive a box in the mail including two mouth swabs, a box of PreTrition, swab envelope, instructions card and a prepaid return envelope. The mouth swabs are to swab the inside of your cheeks to test your DNA. The PreTrition are cleansing supplements to clear the gunk out of your body before you start taking your own customized nutrition. PreTrition isn't harsh; it's a gentle cleanse to prep your body to absorb the proper nutrition. PreTrition features a robust combination of quality ingredients including AC-11, Prebiotics, Frankincense, and Astaxanthin. You can choose pill or powder form for your Utrition to be in. With your Utrition, you will get a full DNA report which goes into many details including what you are predisposed to.

You won't find GMO's, gluten, preservatives, or fillers in PreTrition or Utrition. Each unique formula has nearly 100 peer reviewed plant-based ingredients including super fruits, prebiotics, vitamins, and minerals. There are up to 400 million unique blends of nutrition based on your DNA and current health. One of the ingredients is AC-11 which promotes DNA repair. Most people don't even know that there is an ingredient to assist in repairing your DNA. Having a healthy lifestyle has been a known factor to live a quality life but knowing you can positively help your DNA is a game changer.

There is a period your body will need to adjust to PreTrition and Utrition. Getting healthy doesn't happen overnight and neither does getting sick. The body needs at least 90 days to get used to new products. Purging the body of toxicity can be brutal but once you are past it, you will feel like a new person with a youthful body. Cleansing takes

time for the gut health to rebuild. Just know the body is healing itself and needs time to do so with the proper nutrition along with plenty of water and rest.

For someone in ill health, you will need a longer period to get used to an extreme nutrition change. You will need to take smaller doses of PreTriton and Utrition and build up from there to minimize the normal but unpleasant symptoms. This way you won't get discouraged and quit before seeing results. If you are taking prescriptions, pregnant or lactating you should go over ingredients with your physician to make sure the combination is safe with other medication or baby.

Think about what your body will do with these quality ingredients. There are incredible testimonies from various people of different sexes and ages. Numerous people have reported arthritis or pain either greatly decreased or went away completely. Even after an injury years ago, a man has more flexibility than he's had in years after using Utrition. People have reported having balanced hormones for the first time which has affected their skin, sleep, weight, and hair loss in a positive fashion. Some say they don't experience headaches, colds, or flus anymore. Many people experience an energy boost that becomes the new daily normal feeling with Utrition.

Utrition is great for any adult even if they are healthy. This product isn't yet tested on children, but some parents give some of their Utrition to their kids to help their bodies grow as healthy as possible. The initial Utrition order costs \$259.90, which includes the swabs to test your DNA and PreTriton)30-day supply/180 veggie caps). When you reorder your customized nutrition that will drop down to \$159. The amount of quality ingredients you're getting with your Utrition would cost thousands of dollars at a wellness store purchasing each ingredient separately. The value of this product is unmatched with any other option on the market. Buying supplements at CVS might be less expensive but the quality of Utrition is tremendous.

This product is only sold online right now so you need to plan for your reorder before you run out of your supply. As of right now there isn't any store you could walk inside and get your cheeks swabbed for your DNA and get your results with a customized formula that you should be taking daily. Utrition is an inventive health product that will change the world on how we choose what vitamins to take.
